

PTSG works at Bristol Harbourside development

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) are currently delivering specialist electrical services at McArthur's Yard in Bristol.

Situated on Bristol's legendary harbourside, McArthur's Yard is a collection of one, two and three-bedroom apartments and duplexes arranged over three elegantly designed buildings. The stylish and highly specified homes at this contemporary new development allow residents to enjoy all of Bristol's personality and character close to the serenity of the water.

Brought to you by award-winning housing association Guinness Homes, the development is one of the last remaining undeveloped sites on the harbourside. Many of the properties benefit from wonderful views and are ideally located within a short distance of the rest of the city.

In this project, engineers from [PTSG Electrical Services Ltd](#) are installing a lightning protection system and earthing works at the new development.

PTSG is the UK's leading provider of lightning and surge protection services, whilst also delivering specialist earthing solutions to clients in all industry sectors. PTSG Electrical Services Ltd is one of the Group's five independent business divisions; the other four are: PTSG Access & Safety Ltd, PTSG Building Access Specialists Ltd, PTSG Fire Solutions and PTSG Water Treatment Ltd.
