

Pattenmakers search for Young FM 2024 entrants

2 years ago

Livery company the Worshipful Company of Pattenmakers is looking for the next winner of its annual Young Facilities Manager Award – a unique career development opportunity that has helped boost the careers of numerous facilities management professionals.

The award is open to managers aged 21-32 working in the workplace and FM sector. Entry is free, and all the information needed to enter is available at

This includes a link to the online entry form and has a closing deadline of 14 July 2023.

The **Pattenmakers** is one of the historic Livery Companies of the City of London with its origins dating back to the 14th century. In recent years, company has become the livery home of the RM industry.

The winner of the Pattenmaker Young Manager Award receives expert support to create a varied and bespoke personal development programme, including off-site courses and a programme of customised work placements designed to broaden their perspective. The training programme will be developed in full consultation with the winner's line manager or employer. There is also a small financial bursary donated by learning provider International Workplace.

Recent winners have included young FMs from Bouygues, Atalian Servest, Salisbury Group, CBRE, Hermes, the British Computer Society (now BCS), and ISS Facility Services.

This is an ideal opportunity to encourage the development of enthusiastic and deserving young people within the FM industry. Employers may nominate more than one young manager from their organisation.

All shortlisted candidates will be invited free of charge to attend with their line manager the FM&BE trade dinner held on 19 September 2023 at Haberdashers Hall, central London.

The trophy is customarily presented to the winner by the Lord Mayor of London at the Pattenmakers' annual banquet held at Mansion House in January each year. The winner will also be announced and receive the Freedom of the Company, with the opportunity to apply for the Freedom of the City of London at a later stage.
