

PTSG to visit CITB training centre

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) is to deliver specialist Access & Safety services at the CITB National Construction College in Bircham Newton.

The Construction Industry Training Board is a partner in ConstructionSkills, the Sector Skills Council, devoted to helping government recognise the industry's need for skills development strengthening relationships with employer groups and a host of other things to engage decision-makers, influence policy and build dynamic partnerships across government, business and communities.

The National Construction College in Bircham Newton, Norfolk, provides the following:

- Industry standard training
- Bespoke training
- Face-to-face training
- Remote training

In this project engineers from [PTSG Access & Safety Ltd](#) will deliver remedial works to the guardrail in place at the CITB facility. This will ensure safety for maintenance operatives as well as compliance with industry regulations.

PTSG is a compliance specialist, not just in Access & Safety but across all areas of its business. Its other four business divisions – PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd, PTSG Fire Solutions Ltd and PTSG Water Treatment Ltd – combine to deliver a full complement of specialist services to customers in all industry sectors.
