

M&E contract secured at Grainhouse

2 years ago

[Jaguar](#) is pleased to announce that it has successfully secured the M&E contract at Grainhouse, in the heart of Covent Garden.

The 90,000 ft² development, designed by leading architects Barr Gazetas, is a revolutionary concept in sustainability and urban design. It incorporates original features and modern elements to create a stunning example of architecture. Grainhouse also features two roof terraces unifying five historic buildings into one.

Rob Clark, Account Manager, said: "This is a very exciting addition to Jaguar's portfolio. This achievement is a testament to the dedication and hard work of everyone involved in securing this remarkable building."
