

## Sodexo expands Clifton College partnership with four-year cleaning contract

2 years ago

Independents by Sodexo has been awarded a new four-year contract at Clifton College in Bristol, adding cleaning to its existing catering services portfolio.

The contract, which has a value of £5 million, includes the delivery of cleaning services including laundry and domestic services across the whole College estate, including boarding houses, teaching facilities, sports centres and the College theatre.

To optimise student and staff experience, Sodexo is introducing cleaning zones and intelligent self-auditing which will drive innovation further by streamlining workflows and improving efficiency.

Established in 1862, Clifton College is one of the largest and most prestigious co-ed schools in the country, attended by 1,450 pupils aged 3 to 18 years and supported by over 600 staff members.

In 2022, Sodexo retained its current catering and food services contract for a further five years, providing students and colleagues fresh and nutritious food designed to encourage the adoption of a balanced and sustainable diet. Sodexo also remains a key support for the hospitality of the many events and school functions the College hosts throughout the year.

Steve Hawkins, managing director, schools for Sodexo UK & Ireland said: "We're thrilled to expand our partnership further with Clifton College and to support their day-to-day operations. As we know how important a safe and clean environment is to students and colleagues, our team will continue to provide high-quality services that will truly make a positive impact."

Dr Tim Greene, head of college and head master of the upper school at Clifton College said: “Independents by Sodexo has been delivering a superb catering provision for everyone across the College since 2017. We very much look forward to strengthening further this partnership by adding their cleaning services. We are certain that they will bring to this area the same level of professionalism and high standards.”

Working with over 80 schools, including some of the most reputable institutions across the country, Independents by Sodexo aims at delivering catering, facilities management and hospitality services that improve the quality of life for pupils, teaching staff and the wider school community.
