

## Mace retains roles on NHS Shared Business Services framework agreement

3 years ago

**Mace**, the international consultancy and construction company, has been re-appointed to the NHS Shared Business Services (NHS SBS) framework agreement, following five years of providing consultancy services through the scheme.

The newly named Healthcare Planning, Construction Consultancy and Ancillary Services (HPCCAS) framework agreement replaces Construction Consultancy Services 2, and will deliver corporate services to the NHS, providing procurement routes that deliver value for money to the taxpayer. It will operate for four years from August 2023 with an option to extend.

The framework is the country's leading supplier of corporate services to the NHS, managing over 40 framework agreements covering a wide range of clinical and corporate goods and services.

Mace has been awarded places on 10 lots, enabling the business to provide a range of project management, quantity and building surveying, net zero consultancy and healthcare planning services. The awarded lots are:

- Lot 1 - Architectural Services
- Lot 2 - Project Management
- Lot 3 - Civil and Structural Engineering
- Lot 4 - Quantity Surveyors
- Lot 5 - Mechanical, Electrical and Public Health (MEP) Services
- Lot 7 - Multidisciplinary Services
- Lot 8 - Building Surveyors
- Lot 9 - Healthcare Planning

- Lot 10 – Net Zero, Environmental Consultancy and Sustainability
- Lot 11 – Ancillary Services

Mace’s health and social care team has a strong track record in delivering outstanding services in the UK and around the world. This includes emergency facilities for the Manchester Foundation Trust, a new Children’s Day Treatment Centre for Evelina Children’s Hospital and many other Trusts across England.

Jason Millett, CEO, Mace Consult, said: “The NHS SBS framework agreement plays a crucial role in creating a resilient health service across the country. Through enabling hospitals and trusts to procure services quickly, cost-effectively and in compliance with government guidance, it supports the delivery of crucial facilities that maintain the health and wellbeing for the communities they serve.

“Mace is an expert in forward-thinking healthcare delivery, bringing our experiences from driving outstanding facilities around the world. We are pleased to be reappointed to NHS SBS and look forward to continuing to support healthcare excellence across the NHS.”
