

PTSG delivers services with a smile for Glasgow dental hospital

2 years ago

Premier Technical Services Group Ltd (PTSG) (vis constituent company HCS Water Treatment Ltd) has been contracted to support NHS Glasgow Dental Hospital with specialist water treatment services.

The Glasgow Dental Hospital and School is a dental teaching hospital, situated in the Garnethill area of the city centre of Glasgow. It is described as “the pre-eminent centre for specialist oral healthcare, education and research in west and central Scotland.

In addition to its City Centre premises, the Dental Hospital operates from out-reach clinics and surgeries and serves a population of 3 million, from a total of 26 locations. It is an active participant in joint health promotion initiatives with Greater Glasgow and Clyde NHS Board and Primary Care services. Glasgow Dental Hospital and University of Glasgow Dental School collaborate to provide first-rate training for under- and post-graduate dental education. It is also home to the Emergency Dental Treatment Centre for Greater Glasgow and Clyde.

PTSG is a premium provider of Legionella control and management of water systems; its team delivers services for customers in all industry sectors.

PTSG Water Treatment Ltd has extensive experience of successfully managing multiple water hygiene and water treatment contracts for customers in many different industry sectors. As one of five independent businesses divisions within PTSG Water Treatment Ltd combines the specialist skills and knowledge of its engineers with the very latest cutting-edge tools to deliver high performance, safety and consistency. PTSG ensures water safety, protection from Legionella and decontamination from many other bacteria and viruses.
