

PTSG wins multiple projects with online retailer

2 years ago

Premier Technical Services Group Ltd (PTSG) has won a large contract and is in the process of securing two further contracts with a successful online retail company.

Founded in 1994, the retailer has enjoyed continual growth over almost 30 years, and now has a presence across the developed world – a far cry from its humble beginnings in the owner's garage. As well as its substantial online presence, there is also a high street presence, including books and groceries, as well as many distribution centres to service the demands of its multitude of customers.

PTSG Fire Solutions Ltd are contracted to deliver a range of fire solutions spanning the midlands and north of the country.

PTSG Fire Solutions Ltd is the largest of the Group's five business divisions – the others being PTSG Access & Safety Ltd, PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd and PTSG Water Treatment Ltd. They can operate independently or combine to deliver a full services solution to clients, saving on costs and the trouble of arranging multiple specialist services contracts.
