North West Construction Safety Group
Work at Height – Preventing Falls Event

In association with Wates, get ready to enhance your knowledge and skills in preventing falls while working at heights, including keynote speaker Jason Anker MBE who shares his story following an avoidable accident at work which resulted in him being paralysed from the waist down.

This in-person event will take place on Tuesday October 3rd, 2023, at 9AM. Don't delay your booking as this is limited spaces and is sure to sell out quick. Tickets can be purchased scanning the QR code opposite!

This event offers a unique opportunity to learn from industry experts and gain valuable insights into all things Work at Height from our guest speakers. Discover practical strategies, best practices and cutting-edge technologies and techniques to ensure the well-being of workers and minimise risks. Network with like-minded professionals, share experiences and exchange ideas to promote a safer work environment.

Tuesday 3rd October 2023 – 9AM
Elm Bank Conference Centre, Eccles, Manchester, M30 9BA

NWCSG

[FASET](#) (Fall Arrest Safety Equipment Training) is proud to be a part of the upcoming Work at Height event from the North-West Construction Safety Group (NWCSG).

The event, which is scheduled to take place on Tuesday 3rd October, is designed to enhance attendees' knowledge and skills in preventing falls while working at heights. A focus of the event is keynote speaker Jason Anker MBE, who will share his story following an avoidable accident at work which resulted in him being paralysed from the waist down.

Tony Seddon, Managing Director of FASET, will be delivering an industry update and a talk on best practice in the lead-up to lunch. FASET is a SSiP registered member and has recently become a UKAS accredited association. It is dedicated to achieving the highest standards of safety, with the ultimate aim of preventing falls from height.

Also in attendance at the event will be the [Ladders Association](#) (a member of the [Access Industry Forum](#)), [JMAC](#) (a FASET member specialising in fall safety solutions) and the [No Falls Foundations](#) – of which Tony Seddon is a trustee.

The Work at Height showcase event will also include exhibitions and break-out sessions – all focused around the innovative methods which can be used to prevent falls from height. A light breakfast and lunch will be provided on the day.

Tickets for the event are available on a first come, first served basis. Preference will be given to NWCSG Members and their staff or prospective members. The event is sponsored by [Wates](#).
