

## Finalists announced in 2023 awards programme

2 years ago

The [Commissioning Specialists Association \(CSA\)](#) is looking forward to staging its eighth gala awards dinner on the evening of Thursday 5 October 2023 at the Leonardo Royal Hotel City in London.

It members include many of those providing essential services to the FM sector.

It members include many of those providing essential services to the FM sector.

The event will once again bring together the commissioning sector in a celebration of business and professional excellence. Recognising and rewarding the achievements of both individuals and companies operating within this crucial area of the construction and refurbishment industry, personal endeavour, product innovation, skills training, engineering advancement and commercial acumen will be acknowledged and celebrated.

Operated by the CSA and produced by Touchwave Media, the awards will again acknowledge the skill, effort and sheer dedication of the people and businesses serving today's complex built environment business sector. With sponsorship provided by a host of industry names, well deserved industry-wide recognition will be given to those businesses and individuals that are excelling in their commissioning endeavours.

### Finalists

Following a record number of entries, and a comprehensive judging process which this year combined the remote assessment and scoring of each entry with a virtual gathering of the judging panel, the CSA has announced the following finalists across the seven award categories:
