

Major retailer goes shopping with PTSG

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has secured a contract to provide specialist fire solutions for a well-known supermarket chain.

As one of the UK's leading supermarkets (as of September 2022 it had a 14.6% share of the market), it has over 600 supermarkets and 800 convenience stores throughout the nation and employs 152,000 people.

This particular project is part of a wider store refurbishment in Oxfordshire.

Due to earlier contractual difficulties with a previous supplier, [PTSG Fire Solutions Ltd](#) had less than four weeks from design through to mobilisation for this 16-week project; this involved a concerted effort from PTSG's team to ensure they were onsite at commencement of the project.

PTSG prides itself on its ability to mobilise its teams at a moment's notice to fulfil the requirements of its clients - which often involve multiple specialist services.

PTSG has five independent business divisions which can operate independently or combine for a complete solution. They are: PTSG Access & Safety Ltd, PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd, PTSG Fire Solutions Ltd and PTSG Water Treatment Ltd.
