2 years ago

[Jaguar](#) are pleased to announce that we have won the M&E contract at Sancroft.

The site is located moments away from St. Paul's Cathedral, consisting of retail on the lower levels and office space on the upper levels. This remarkable building spans 429,000 ft² across 7 stories with 2 large atriums running from the roof down to the 2nd floor allowing natural light to flood the building.

Roger Starling, Business Unit Head, commented,

"This is a fantastic addition to Jaguar's portfolio, and we look forward to providing a tailored M&E solution that works for the site."
