

## PTSG receives plum project in East London

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist fire solutions at a major new development in East London.

In May 2021, planning permission was secured from the Royal Borough of Greenwich to redevelop the site known as Plumstead West Thamesmead, situated between Pettman Crescent, Nathan Way and Hadden Road. The new development, named Lombard Square, will deliver 1,913 new homes and 47,071 square feet of industrial, community, commercial and employment space, surrounding a new 1.8 acre four seasons public park.

The development will become a real driver of change for Plumstead and Thamesmead. It will support wider plans to deliver new homes in the area over the next 30 years, the growth of local industry to the East of the development and a rich cultural programme.

In this contract, engineers from [PTSG Fire Solutions Ltd](#) will install commercial sprinklers for Phase 1 of the development, covering blocks 2, 3 and 7.

PTSG Fire Solutions Ltd is one of five independent business divisions at PTSG. The others are PTSG Access & Safety Ltd, PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd and PTSG Water Treatment Ltd. Each division operates as a separate entity or can combine to deliver multiple specialist services – often meeting customers' complete requirements.
