

Sustainable Solutions Key in The Convention Centre Dublin 10-Year Retention

2 years ago

Levy Ireland is delighted to announce a 10-year contract extension to provide hospitality services at The Convention Centre Dublin (The CCD), Ireland's iconic world-class conference and event venue.

Fitzers Catering originally won the contract back in 2010 when the venue first opened. Supporting local suppliers and creating fresh seasonal menus was a mainstay throughout the long-standing relationship, and will continue to be so under Levy Ireland, which is a partnership between Fitzers Catering and Levy's Irish business, formed back in 2022^[1].

Levy Ireland Culinary Director, Lenny Fearon, and his culinary team work hard to create bespoke, memorable experiences for The CCD guests. This includes transforming The Forum exhibition area, into a street food market for a huge corporate event, serving authentic dishes from across the globe to excited guests.

The CCD already boasts accreditations for Event Sustainability Management ISO 20121 and Environmental Standards ISO 14001, and a key priority for The CCD and Levy Ireland will be a continued focus on how to minimise environmental impact, ensuring a climate conscious and sustainable operation. Levy Ireland will work with The CCD on Climate Net Zero targets which include the exclusive use of Irish meat, free-range eggs, and seasonal vegetables on menus, plus all desserts will be 100% plant-based by 2024.
