

## PTSG to work for Glasgow research centre

3 years ago

[Premier Technical Services Group Ltd](#) (PTSG – via constituent company HCS Water Treatment Ltd) has been contracted to support Emtec at Biocity Newhouse in Glasgow with a variety of water treatment services.

BioCity Glasgow has an outstanding reputation in pharmaceutical and biotherapeutics research. A former MSD research facility with pharma grade site security, this 20-acre biotech incubator has an assortment of fully accessible, contemporary offices and lab space to rent.

Located between Glasgow and Edinburgh on the M8, BioCity Glasgow delivers more than simple office space. With access to on-site to MHRA licensed controlled conditions, cryostorage, a compound management library and a nurturing business community designed to help you flourish, this Scottish life sciences cluster provides the perfect setting for businesses of all sizes to lay down roots.

PTSG is a premium provider of Legionella control and management of water systems; its team delivers services for customers in all industry sectors.

PTSG has extensive experience of successfully managing multiple water hygiene and water treatment contracts for customers in many different industry sectors. As one of five independent businesses divisions within [PTSG Water Treatment Ltd](#) combines the specialist skills and knowledge of its engineers with the very latest cutting-edge tools to deliver high performance, safety and consistency. PTSG ensures water safety, protection from Legionella and decontamination from many other bacteria and viruses.
