

Atlas scores 5 at Arsenal

2 years ago

[Atlas](#) is delighted to announce that it has been awarded a new 5-year cleaning services contract by Arsenal. Atlas started working with Arsenal in 2017 and the contract covers Emirates Stadium, Highbury House, London Colney, and Hale End.

Atlas' proactive culture of continuous improvement enhances the fan and visitor experience through excellence in cleaning standards and customer service. This has been achieved with a 100% directly employed and dedicated team. Investment in highly productive equipment, electric vehicles and chemical free cleaning has improved post event recovery times, optimised the use of energy and water, and reduced cost.

Atlas also works with the Arsenal Foundation and Arsenal in the Community to recruit local residents and run volunteering programmes with The Holloway Neighbourhood Group.

Chris Wisely, Group Managing Director of Atlas said: "We are delighted to have renewed our contract with Arsenal. We are proud of our collaborative partnership and look forward to further enhancing the visitor experience and adding value across all parts of this prestigious club."
