

Diamond Facilities Support has made six new hires to aid its ongoing expansion.

2 years ago

Diamond Facilities Support, which is based at Birmingham Business Park, has appointed Maxine Anwar as a Reactive Service Manager, Joe Agho as Project Surveyor, and Kelly Pinaar as Facilities Administrator.

Scott Simms, Simon Ellis and Jon Lines have also joined Diamond as Electricians to further bolster the firm's direct labour offer to clients – which is a key driver behind the firm's year-on-year growth.

Adam Atkins is the Chief Executive of the Diamond Facilities Support Group, which has an annual turnover of £14 million, employing approximately 115 staff.

He said: "These new appointments will enable us to maintain high levels of service amid rising demand for our services right across the UK.

"We are seeing increases in our offerings across the board and in-particular the care, retail and hospitality sectors.

"We have also split our projects division into minor works and projects, and now also major projects to ensure we are geared up to meet the rising demand we are seeing.

"Our loyal workforce – backed up by regular industry-accredited training and career progression – has played a key role in our journey so far, and we look forward to growing this even further in the near future."
