

Jaguar have joined the 5% club

3 years ago

We are pleased to announce that [Jaguar Building Services](#) has demonstrated its commitment to investing in its people, by becoming a member of The 5% Club. This is an industry-led initiative focused on driving the recruitment of apprentices, graduates and sponsored students.

By becoming a member, we're reaffirming our dedication to fostering skills and providing opportunities for young professionals.

Paul Roberts, Managing Director, commented, "It is wonderful to see so many young people developing within the business. I am encouraged to see that many of these young people are women taking up technical roles."

We're excited to be a part of the 5% Club and look forward to the positive impact this will have on both our company and the industry.
