

Nationwide invests in PTSG's expertise

3 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist Access & Safety services for the seventh largest cooperative financial institution and the largest building society in the world.

With over 16 million members, Nationwide has over 250 Building Societies, with its headquarters in Swindon. It is now the second largest provider of household savings and mortgages in the UK. The financial institution also has a 10.3% market share of current accounts for the 2021/2022 financial year.

Nationwide had assets of around £272.4 billion for the 2021/2022 financial year. This is in comparison to £483 billion for the entire building society sector. This makes it larger than the remaining 42 British building societies combined.

Engineers from [PTSG Access & Safety Ltd](#) will install ladders for accessing the roof of Nationwide's site in Petersfield, East Hampshire. These are designed to provide a safe working environment for maintenance professionals when delivering services at height.

In addition to designing and installing bespoke systems for customers in many industry sectors, PTSG also delivers testing and inspection and maintenance services, ensuring customers remain compliant with industry regulations.
