

Multiplex hands over keys to 65 Davies Street

2 years ago

Multiplex has officially handed over the keys to 65 Davies Street.

We're not only proud to have contributed to the delivery of this landmark project for Grosvenor, but also honored to have collaborated with a team of industry experts who, like us, prioritise collaboration and innovation.

From its meticulously crafted design to the seamlessly integrated public artwork, and navigating the complexities of building over the Bond Street West Elizabeth line station, our latest film, ['The Making of 65 Davies Street.'](#) showcases how the project team came together to create one of London's best-connected offices.
