

PTSG is a Constructionline Gold Member

2 years ago

HCS, part of [Premier Technical Services Group Ltd \(PTSG\)](#), has announced it is now a Constructionline Gold Member.

For over two decades, Constructionline has been a cornerstone in supporting construction and facility management sectors. Born from a UK Government initiative in 1998, they're all about simplifying procurement risks and staying ahead of the legislative curve.

Gold Membership proves that the work of HCS meet the rigorous PAS 91 and Common Assessment Standard, meeting the requirements for pre-qualification in both public and private sectors.

Attaining [Gold accreditation](#) isn't merely a badge; it reflects the Water Treatment team's commitment to environmental management, quality control, equal opportunities, and strict adherence to policies.

PTSG holds over 250 individual accreditations, and this is one of them. They show that the engineers working in the Group's five business divisions have the high level of skill required to undertake the many different specialist services for their 20,000 customers.
