

PTSG lands contract at new seafront hotel

2 years ago

Premier Technical Services Group Ltd (PTSG) has been contracted to deliver specialist electrical services at Corbyn Head Hotel, a brand-new development overlooking the bay in Torquay.

Situated in a popular seafront location on Torbay Road, the four-star Corbyn Head Hotel will have 152 guestrooms, with eight that are wheelchair accessible, as well as a restaurant and terraces that overlook the bay. There will also be an onsite spa and rooftop bar, with parking provision for 101 cars and a coach drop-off area. The project will also deliver improved vehicular and pedestrian access along Torbay Road.

PTSG Electrical Services Ltd will be working with Phase Electrical and Willmott Dixon to deliver a lightning protection system at the new hotel, which will protect the structure and all staff and residents in the event of an electrical storm.

PTSG Electrical Services Ltd. is one of the Group's five independent business divisions. It combines the talent and experience of some of the UK's leading practitioners in their field.
