

High street bank invests in PTSG's expertise

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) is proud to be providing specialist electrical services such as electrical test and portable appliance testing (PAT) for a well-known national high street bank in the UK.

High street banks depend upon a high-quality and reliable provider of specialist services to ensure their premises are safe and efficient to maintain their services to their customers. PTSG works with a number of leading names in the financial sector, both high street banks and building societies as well as providers of financial advice, insurance, asset management and other related activities. FSQS has approved and registered PTSG as a supplier.

In this contract, engineers from [PTSG Electrical Services Ltd](#) are working in over 70 branches with this particular client, delivering electrical compliance and safety throughout all their buildings. This includes [electrical testing](#), remedial work and portable appliance testing (PAT) across the UK.

It is essential in public buildings to verify that electrical systems are safe, efficient, and compliant with industry-specific requirements. PTSG delivers the specialist electrical services that organisations need to ensure their buildings remain safe and operationally efficient, with historical records kept for all assets.
