

ISS renews full-service partnership agreement with Nordea

2 years ago

[ISS A/S](#) has announced that it has renewed an existing full-service partnership agreement with Nordea in the Nordic countries. The contract runs for five years.

ISS has worked with Nordea since 1976. From 2012 onward, the company has delivered integrated facility management services. The renewed contract continues to cover full-service deliverables, including cleaning, catering, technical support, security, energy and asset management, and workplace experiences, such as events and other employee activities. The contract runs from 1 October 2024 to 30 September 2029, and approximately 475 ISS employees are engaged on the contract.

Supporting employee wellbeing and sustainability agenda

Sam Hockman, Group Chief Operating Officer of ISS, is excited about the partnership: “Once again Nordea has entrusted us with the responsibility of delivering best-in-class services in the Nordics. We have been proud partners with Nordea for 47 years, making it one of the longest partnerships in ISS’s history. Our primary focus remains on enhancing employee wellbeing and productivity through safe, clean office environments, delicious food, and rewarding workplace experiences – all of which are brought to life through the dedication of on-site ISS employees. Equally important are the steps we have taken to bolster our support for Nordea’s ambitious sustainability agenda and carbon reduction goals, achieved through services and solutions in energy and asset management.”
