

## North awarded EcoVadis Silver Medal for Sustainability in Business

2 years ago

[North](#) has been awarded a Silver Medal by EcoVadis, the global standard for assessing and rating business sustainability commitments, practices, and performance.

The Silver Medal ranks North in the top 15% of organisations, and 92nd percentile of all companies assessed by the global sustainability ratings platform in the past 12 months.

EcoVadis is the world's largest and most trusted provider of business sustainability ratings. Annually, EcoVadis screens 1.6 million companies, with 125,000 businesses rated across 200+ industries, they mitigate risk for some of the world's largest organisations.

The EcoVadis sustainability assessment encompasses a comprehensive evaluation across business sustainability commitments and performance including environmental impact, labour and human rights, ethics, and sustainable procurement.

The recognition underscores North's commitment to driving environmental sustainability both throughout our own operations and the innovative solutions we deliver for our customers and to delivering positive and meaningful change.

Commenting on the award, Sam Tovey, Sustainability & Social Impact Specialist at North, said: *"We are delighted to be awarded a Silver Medal by EcoVadis. This recognition is another milestone in our sustainability strategy and underscores our commitment to environmental sustainability and ethical business practices."*

In recognition of this achievement, EcoVadis will plant a tree on behalf of North through their partnership

with [One Tree Planted](#).
