

PTSG completes project for global glass producer

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has completed a specialist electrical services project for Ardagh Glass Packaging, bringing great praise from the customer.

Ardagh Group is a global supplier of sustainable, value added, infinitely recyclable, metal and glass packaging for brand owners around the world. The group operates 63 metal and glass production facilities in 16 countries, employing more than 20,000 people. It creates packaging for numerous market sectors including, among others, beverage cans, food, beers, wine and spirits. In the UK, there are production facilities in Barnsley, Chester, Deeside, Doncaster, Irvine, Knottingley, London, Rugby and Wrexham.

In this project, engineers from [PTSG Electrical Services Ltd](#) installed a power earthing system (preceded by excavation and back-fill works at the Irvine works), helping the customer to meet their year-end completion goal. The client passed on his thanks to the PTSG team for their 'dedication and hard work'.

PTSG is the UK's leading provider of lightning and surge protection systems and power earthing solutions for clients to keep structures and users safe in a wide range of industry sectors.
