

PTSG helps to keep hospital operating safely

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist fire and security solutions at a major hospital in Somerset.

The acute hospital, which is run by Somerset NHS Foundation Trust, cares for approximately 185,000 people, primarily in south Somerset, North and West Dorset and parts of Mendip.

The facility provides a full-range of clinical services, including general medicine, cardiology, general surgery, orthopaedic surgery, trauma and paediatrics, with an emphasis on enhanced recovery. Each year, the hospital sees around 20,000 emergency admissions, 3,500 elective admissions, and 18,000 day cases.

In this contract, engineers from [PTSG Fire Solutions Ltd](#) will install fire alarms, CCTV and access control devices at a new modular ward at the hospital. Access control is an effective method of controlling access and egress of people and vehicles to premises.

PTSG Fire Solutions Ltd is the largest of the Group's five divisions and provides a full range of fire solutions, including prevention and suppression systems and tailored security systems for a whole range of public and private buildings.
