

CPW shortlisted for local Constructing Excellence Awards

1 year ago

**Where
buildings
come alive**

[CPW](#) is pleased to be shortlisted in a number of different categories this year for the Midlands-based Constructing Excellence awards.

G4C Midlands Awards

Trainee design engineer William Hudson has been shortlisted for Apprentice of the Year. William joined CPW in 2022 as part of our apprenticeship scheme and from the start showed a real passion for engineering, both inside and outside of work. Antonios Agapakis, Director, said: "William goes above and beyond on every project and deserves to be recognised for the value he brings to the company and the industry."

CPW has also been shortlisted for Commitment to Employee Training and Development. CPW has a clear commitment to employee development, evident in our well-established apprenticeship programme, mentoring scheme and regular CPDs and internal training for staff at all levels. Our core value – "Continually Grow" – underscores our dedication to development for all.

We are looking forward to the awards ceremony on 21 March.

Constructing Excellence West Midlands

We are excited to have been featured in two different categories for the West Midlands awards. This is testament to the brilliant work our teams are delivering in a range of exciting sectors.
