

PTSG to help students sleep soundly

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist security services for a major international provider of student accommodation.

Operating throughout Europe, the Middle East, Asia, the USA and Australia, the award-winning provider takes an holistic approach to student housing, providing a supportive place to grow. Students have floorplans, outdoor areas and shared facilities to choose from, helping them to find the home that suits them for their time in higher education.

Engineers from [PTSG Fire Solutions Ltd](#) provide a variety of security services for customers. They include: CCTV, ranging from bespoke stand-alone solutions to fully integrated multi-site packages; systems to control the access and egress of people and vehicles to premises; intruder alarm systems and door entry systems.

Building security is part of PTSG Fire Solutions Ltd, the largest of the Group's five divisions. This delivers comprehensive portfolio of services to customers including fire detection and active fire suppression systems (such as fire alarms, sprinklers, dry risers and fire extinguishers), passive fire services (such as fire doors and glazing, fire compartmentation, fire and smoke dampers, fire curtains and cavity barriers) and security systems.
