

Legionella Risk Assessment App receives positive feedback

1 year ago

Total Environmental Compliance (TEC), a constituent company of [Premier Technical Services Group \(PTSG\)](#) has been showered with encomium for its bespoke Legionella Risk Assessment (LRA) app.

TEC delivers a variety of [water treatment](#) and water hygiene services to clients in a wide range of industry sectors. TEC's Lead Legionella Consultant designed the app in-house, following BS 8580:2019 and Legionella Control Association standards.

Stephen Edwards, Torus Compliance Lead (Legionella and Lifts), recently gave the following positive feedback: "[Total Environmental Compliance](#) complete hundreds of risk assessments for Torus Housing Group.

"Our Compliance Team receives well-presented, easy-to-read reports that provide all the necessary details for effectively managing legionella. The PDF reports generated on their bespoke Legionella Risk Assessment App include a general building overview, a summary of the assessment, a management control section, photographic evidence, and an accurate asset register.

"Most importantly, the risk related actions for non-compliant items are easy to locate and clearly colour-coded. The recommendations highlighted, along with the detailed schematics provide us with all the information we need."
