

## GRAHAM appointed £1.6bn PAGABO Healthcare Decarbonisation Framework

1 year ago

**GRAHAM** is delighted to announce its appointment to the new £1.6bn PAGABO Healthcare Decarbonisation Framework.

It has been appointed to Lots 1 (up to £1m) and Lots 2 (£1m to £5m), located in the following regions:

*Northern Ireland*

*North East*

*North West*

*East Midlands*

*West Midlands*

*Wales*

Typical projects include installation of specialist heating, cooling and ventilation systems, installation of renewable energy sources, fabric upgrades, installation of energy saving lighting, and replacement of inefficient glazing.

The framework will run for 4 years, and works can be ordered via direct award or further competition.
