

Keysource Group announces acquisition of specialist data centre provider 2bm Limited

1 year ago

[Keysource](#), a global specialist leader in sustainable data centre solutions and strategic advisory services, announced today the acquisition of 2bm Limited, a specialist data centre and critical environment company with headquarters in Nottingham, UK.

With over 20 years of experience, 2bm has established itself as a trusted expert in the industry, offering cutting-edge solutions tailored to the unique needs of its clients.

The acquisition of 2bm broadens Keysource Group's service offering and strengthens its position in the continually growing data centre and critical environment market.

2bm's expertise in complex design and build projects complements Keysource's existing fully comprehensive range of services to design, build, operate and maintain data centres and mission-critical infrastructure.

2bm will continue to operate under its existing brand name as part of the Keysource Group with Mark King, Managing Director of 2bm, remaining in his current role and leading the company's continued growth.

Mark brings a wealth of experience and expertise to the team, further strengthening Keysource's position in the market.
