

PTSG gears up to help cover a new season of events

1 year ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company NSS Group, is getting ready for another season of major sporting and music events.

The hire team from NSS Group, part of PTSG Building Access Specialists Ltd, helps broadcasters to stream the world's biggest competitions and festivals from its platforms. Through the hire and operation of powered access platforms, from small cherry pickers to 70-metre-tall truck-mounted platforms, NSS Group helps broadcasters to get the best coverage for audiences at home.

In September 2022, its team was honoured to provide access platforms to support the coverage of the funeral of Her Majesty Queen Elizabeth II.

Watched by 26 million viewers in the UK, and several billions more worldwide, this was a request like no other for the hire team, requiring a rapid response, careful logistics planning, and a discreet and professional presence.

In 2023, The Boat Race, The Grand National, Royal Ascot, Glastonbury and the Isle of Wight Festivals all benefitted from access platforms provided by NSS Group. Its services also extend into Europe, covering golfing events including the Porsche Open in Hamburg and the Horizon Irish Open at the world-famous K Club.

[PTSG Building Access Specialists Ltd](#) is one of the group's five independent business divisions. The other four are: PTSG Access & Safety Ltd, PTSG Electrical Services Ltd, PTSG Fire Solutions Ltd and PTSG Water Treatment Ltd. Together, they can meet customers' full specialist services requirements.
