

PTSG helps local school get kitted out for 2024-25

1 year ago

Total Environmental Compliance (TEC), part of PTSG Water Treatment Ltd, is very happy to provide local sponsorship to Knowsley St. Helens Schools' Football Association, to purchase their smart new training kit for the 2024/25 season.

Tony James, Chairman of Knowsley St Helens Schools, Football Association, commented:

"Without support from local businesses like Total Environmental Compliance, this would not be possible and your financial assistance is invaluable to schools' football organisations like ours.

"Your commitment to investing in the development of young athletes demonstrates a profound sense of corporate social responsibility, and we are truly grateful for your dedication to our cause. As we navigate through the challenges of fostering youth sports participation, your generosity serves as a beacon of hope and encouragement for our players and their families.

"Together, we can make a significant impact on the lives of young athletes and promote the values of teamwork, sportsmanship and dedication."
