

## PTSG is a RoSPA Gold winner!

1 year ago

[HCS Water Treatment](#), a constituent company of [PTSG](#), has been advised by the RoSPA Awards Adjudication Panel that it has received the RoSPA Gold Award for health and safety performance during the period of January 01, 2023, to December 31, 2023.

The ultimate symbol of achievement in safety and excellence, the internationally renowned RoSPA Health and Safety Awards recognise organisations, teams and projects across all sectors for their unwavering commitment to protecting lives – setting the benchmark for prestige and inspiring sector-wide admiration. By earning a RoSPA Award, organisations not only receive recognition for their accomplishments but also become part of a legacy that values dedication to high safety standards, the well-being of individuals, and signifies a commitment to excellence.

RoSPA stated in its announcement that the standard of entries overall continues to improve, making the winning of an industry sector award an ever greater achievement.

HCS and its stakeholders are invited to attend one of RoSPA's prestigious awards ceremonies to celebrate the achievement. This will take place at London's JW Marriott Grosvenor House next month.

Further celebrations are scheduled at a glittering evening Awards Ceremony and Gala Dinner at the Dubai Mall in June – an event which is co-located with the Dubai Health and Safety Excellence Conference. The Dubai Mall is located in the heart of Downtown Dubai, with the wonders of the world's largest retail and entertainment destination on your doorstep, and overlooking the world's tallest building, the Burj Khalifa. The evening awards ceremony and dinner will take place in the luxurious Diamond Ballroom.

HCS has extensive experience of successfully managing multiple water hygiene and water treatment contracts for customers in many different industry sectors. It is a previous winner at the RoSPA Water Sector Awards and has also received the RoSPA Scottish Trophy (Highly Recommended). This latest award

from RoSPA continues the company's excellent record in health and safety.
