

PTSG to take on Yorkshire's Three Peaks Challenge

1 year ago

One of the business development team members from [Premier Technical Services Group Ltd \(PTSG\)](#) is to take on the Yorkshire Three Peaks Challenge in support of Macmillan Cancer.

The Yorkshire Three Peaks Challenge is 24-miles (38.6km) round trip route, and includes 1585m (5200ft) of ascent. It takes on the peaks of Pen-y-Ghent (694 metres), Whernside (736 metres) and Ingleborough (723 metres), usually in this order, and in under 12 hours.

These hills form part of the Pennine range, and encircle the head of the valley of the River Ribble, in the Yorkshire Dales National Park.

Andrew Stiller, Business Development Director at PTSG, will take on the Yorkshire Three Peaks Challenge with a team from Mitie, a company for whom PTSG has done a lot of work over the last three years.

In 2023, PTSG had teams which completed both the Yorkshire Three Peaks and the National Three Peaks in support of different charities. Cancer charities are of particular importance to PTSG, as the Group has lost several key members of its team to the disease.
