

PTSG works with not-for-profit procurement consortium

1 year ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has entered a contract with EN Procure to provide specialist fire solutions until 2028.

EN:Procure is a not-for-profit procurement consortium established in 2006 to serve the construction procurement needs of the social housing landlord community in Northern England. Through intelligent procurement solutions we save our members money, add transformative social value and provide a place where they can share best practice and good ideas.

EN:Procure works with a range of clients and partners to build communities in Northern England. This includes providing a range of innovative professional services: procurement for social housing, employment and training, land development and funding and support for social and economic regeneration.

In this contract, engineers from [PTSG Fire Solutions Ltd](#) will deliver a range of passive fire services including, but not limited to, fire door surveys, compartmentation surveys, fire door replacement and repair works and fire stopping works.

Passive fire services are a vital part of fire safety in both commercial and residential buildings. Each year, PTSG delivers passive fire services to thousands of properties across the UK. They are provided as part of a rolling programme of inspection and/or rectification works. It is crucial for engineers to strictly follow fire safety reforms and building regulations, removing fire safety risk from occupied buildings to make them safe for all users.
