

Exciting project for Selig in the food industry

1 year ago

Selig, a specialist sealing company in the food industry, is thrilled to announce the appointment of [Henshall & Sheehy](#) as their main contractor for a major project at a process plant.

Henshall & Sheehy is;

- Carrying out civil works to prepare a reinforced concrete base for a 60-tonne RTO machine.
- Installing new gas mains and upgrading MTHW and LTHW systems.
- Overhauling and retrofitting 10 AHUs to enhance ventilation in the process area.
- Implementing a 350kW cooling system at high levels using MEWPs, all while ensuring uninterrupted operation of this 24-hour facility.
- Developing a new control strategy, installing control panels, and upgrading LV power systems.

A spokesperson said: “This project embodies the ultimate opportunity for an MEP contractor, and we cannot wait to get started.”
