

# PTSG to protect iconic new development

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#) will deliver specialist electrical services in a new contract for The Embassy in Waltham Cross Town Centre.

Built on the former Embassy Cinema site, this iconic new residential development draws its design inspiration from the original 1937 architecture. It offers unparalleled modern luxury living within its locality in the form of Manhattan, one-bedroom and two-bedroom apartments.

Suppliers from across the globe have sourced materials to create a specification that fuses design, durability, and practicality. This brings levels of comfort, warmth and an exceptional ownership proposition for future owners and occupiers.

In this contract, engineers from [PTSG Electrical Services Ltd](#) will install a brand-new lightning protection system as part of its electrical services for the iconic building in Waltham Cross. This will protect the structure and all users in the event of an electrical storm.

PTSG is the UK's leading provider of lightning and [surge protection services](#). Its experienced engineers carry out a full range of services for customers in all industry sectors, from design, installation and commissioning to testing and inspection, maintenance and upgrades.
