

PTSG helps shore up Cambridge residences

1 year ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist fire solutions at an award-winning development of luxurious townhouses and apartments in Cambridge.

The picturesque banks of the River Cam provide a backdrop to the development, which residents can enjoy, with easy access to the river and to nearby Midsummer Common. As well as enjoying riverside life, all buyers can take advantage of the concierge service and the state-of-the-art residents' gym, which offers the opportunity to exercise seven days a week.

In this contract, engineers from [PTSG Fire Solutions Ltd](#) will be delivering specialist fire door inspections at residences throughout the development. Fire door inspections form a crucial part of PTSG's passive fire services.

Passive fire protection is comprised of components or systems in a building or structure that slows or impedes the spread of the effects of fire or smoke without system activation. It also includes:

- Fire-rated glazing
- Fire curtains and cavity barriers
- Fire stopping and penetration sealing
- Fire compartmentation
- Fire and smoke damper testing and maintenance
- Ventilation and ductwork cleaning
