

PTSG catches best angles in fishing event

12 months ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company NSS Group, has completed a project to supply hire access equipment at an historic angling event in Lincolnshire.

2024 FishOMania returned to Westwood Lakes in Boston for the second time on 27th July, with the grand final broadcast live on Sky Sports.

The historic event featured 25 of the best anglers competing for the title and a top prize of £50,000. David Shires emerged victorious, with a final weight of 45.650kg. This was his first FishOMania title, etching his name into the competition's history.

NSS Hire provided the necessary equipment for broadcasters to capture all the action so that fans around the world could enjoy hours of fishing excellence.

NSS Hire is having a busy year in 2024. It recently hired out specialist powered access platforms to the Wimbledon Championships. From 26-30 June, its MEWPs enabled broadcasters to capture a wide variety of footage of this year's Glastonbury music festival. Earlier the same month, on Saturday 15 June, it supplied truck-mounted access systems to assist with the broadcast of the Trooping the Colour ceremony in The Mall.
