

PTSG company makes donation to local school

1 year ago

HCS Water Treatment (HCS), part of [Premier Technical Services Group Ltd \(PTSG\)](#), recently made a donation to Eastbank Academy High School, which is located close to the company's Glasgow office.

In the lead-up to the summer break, a member of the finance team from HCS had the pleasure of presenting a cheque to the Deputy Head of Eastbank Academy. This will support the school in providing school uniforms and transport for educational activities for young students who need it most.

PTSG and its constituent companies are increasingly involved in activities to enhance the communities in which they work. Many members of its team undertake activities around the year, including the National Three Peaks Challenge, numerous marathons and 10k races, Race for Life events Tough Mudder events – to name a few.

ESG and Corporate Social Responsibility (CSR) are strongly aligned in PTSG's approach to working. The Group views CSR as a self-regulating part of its business model, which helps it to be socially accountable – to customers and the public.
