

WSP appointed by the Department for Work and Pensions to deliver its estate capital projects and workplace transformation programme

2 years ago

Leading multi-disciplinary professional services firm [WSP](#) alongside partner, RLB UK has been appointed as one of three suppliers by the Department for Work and Pensions (DWP) to provide a wide range of services to support the delivery of the estate capital works projects in England, Wales, and Scotland.

Under the four-year national framework, WSP will deliver projects aimed at modernising how the Department operates, driving efficiencies and cutting its carbon footprint. WSP will be supported by Rider Levett Bucknall (RLB) who will partner with them to deliver key projects across the country. Together, the team will provide full multi-disciplinary project, cost management and design services.

The diverse estate includes over 1000 buildings – the largest commercial estate within the Government. This number consists primarily of Jobcentre offices, but also includes Health Assessment Centres and back offices. The back-office sites consist of corporate centres, large processing centres and service centres, which are not open to the public. The work will involve office fit-outs, Jobcentre refurbishments, relocations, and new sites.

Jenni Kirby, Client Director, Property and Buildings at WSP, said: *“WSP is delighted to be working with DWP with close support from RLB to deliver key estate capital projects and the workplace transformation programme. This is an exciting opportunity to bring our expertise and collaborate with other suppliers as we work to modernise and decarbonise the DWP estate.”*

Kevin Williams, Client Account Manager at RLB UK, said: *“We are delighted to be working with long standing partners, WSP on the delivery of DWP’s estate capital projects and workplace transformation programme. This appointment reflects a truly collaborative one team approach that will support DWP deliver its smarter, greener objectives.”*
