

NFU Scotland reaps rewards of PTSG's service

12 months ago

Premier Technical Services Group Ltd (PTSG), via constituent company HCS Water Treatment, has been contracted to support NFU Scotland with specialist water treatment services.

National Farmers Union (NFU) Scotland is the country's leading agricultural organisation, dedicated to securing a sustainable future for its members at the heart of the nation's food and farming industry.

The organisation was formed in 1913 and is Scotland's leading agricultural organisation representing 9,000 farmers, crofters, growers and other supporters the length and breadth of the country. NFUS works alongside its sister organisations in England, Wales and Northern Ireland, as well as other rural, business and consumer groups, to deliver on our purpose.

In this contract, engineers from HCS will deliver a variety of water treatment services to help ensure that NFU Scotland has clean and hygienic water and that its assets and systems are fully operational and compliant with the latest industry regulations.

PTSG Water Treatment Ltd, which comprises HCS and Total Environmental Compliance, is a trusted partner for clients in all industry sectors. Its services ensure the safe management of water systems, with protection from Legionella and compliance with the necessary regulations. Its focus is on reliability and sustainability and saving companies time and money.
