

PTSG attends annual CBRE Supplier Partner Event

8 months ago

Taking place at Old Billingsgate in London on 3 October, the CBRE Supplier Partner Event 2024 lived up to its billing, being bigger and better than ever before. It is the only event of its size and scale in the UK FM industry. In 2023, over 1,800 attendees, including clients, supplier partners and CBRE employees came together in Billingsgate; this year, there were 2,500 attendees from across the industry.

The purpose of the event is to bring together CBRE, clients and suppliers to drive collaboration, partnerships and make connections with a strong emphasis on ESG and buying from social enterprise. It's an unparalleled opportunity for suppliers to get in front of the entire supply chain.

The event features guest speakers, diverse suppliers, activities and the exhibition itself, as well as full coverage of keynote speakers and the Supply Chain Awards. Many industry innovations are often seen first at the CBRE Supplier Partner Event.

Damon Bhakta, Tanya Matthews, Natalie Bradshaw and Lee Bentley attended the CBRE Supplier Partner Event 2024 representing [Premier Technical Services Group Ltd \(PTSG\)](#).
