

PTSG works with world leader in air and naval protection

11 months ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company HCS Water Treatment, has been contracted to support world-leading air and naval protection expert, Chemring Countermeasures UK (Chemring), with specialist water treatment services.

Chemring protects air and naval forces from the threats posed by heat-seeking and radar-controlled missiles. Its specialists design and manufacture radio frequency and infrared countermeasures, backed up by over 50 years of research, design and manufacturing experience.

Chemring operates in four home markets in the UK, US, Australia and Norway and exports its products and services around the world. The company employs over 700 scientists, engineers and consultants, operating across defence, national security, law enforcement and industrial domains. This enables clients to deliver a competitive advantage as well as defend their people, assets and information.

In this contract, engineers from HCS will deliver a variety of water treatment services to help ensure that Chemring has clean and hygienic water and that its assets and systems are fully operational and compliant with the latest industry regulations.

[PTSG Water Treatment Ltd](#), which comprises HCS and Total Environmental Compliance, is a trusted partner for clients in all industry sectors. Its services ensure the safe management of water systems, with protection from Legionella and compliance with the necessary regulations. Its focus is on reliability and sustainability and saving companies time and money.
