

PTSG to provide specialist care for New Craigs Hospital, Inverness

2 years ago

[Premier Technical Services Group Ltd \(PTSG\)](#), via constituent company HCS Water Treatment (HCS), has been contracted to support New Craigs Psychiatric Hospital with specialist [water treatment](#) services.

The hospital is situated in Leachkin, on the western outskirts of Inverness, Scotland. It is managed by NHS Highland. The facility is a 234-bed healthcare campus that provides mental health and learning disability accommodation. New Craigs, which replaced Craig Dunain Hospital and Craig Phadrig Hospital, both of which were both located nearby, opened in July 2000.

In this contract, engineers from HCS will deliver a variety of water treatment services to help ensure that New Craigs has clean and hygienic water and that its assets and systems are fully operational and compliant with the latest industry regulations.

PTSG is a trusted partner for clients in all industry sectors. Its services ensure the safe management of water systems, with protection from Legionella and compliance with the necessary regulations. Its focus is on reliability and sustainability and saving companies time and money.
