

Blind Solutions expands team with appointment of Business Development Manager

8 months ago

Space Solutions have announced a further expansion of its commercial division, [Blind Solutions](#).

Blind Solutions, a leading provider of workplace blinds and shading solutions, has announced the addition of Louise Williamson as Business Development Manager. This strategic appointment reflects the company's ongoing growth and excellence in serving commercial clients across Scotland.

Blind Solutions has built a strong reputation for working with architects, designers, facilities management specialists, and contractors, providing tailored blinds and shading solutions for a wide range of workplace environments. The appointment of Louise Williamson reinforces the company's vision to strengthen its market presence and enhance customer service.

Drew Carmichael, Director said: "As we continue to meet the growing demand for our services, the addition of Louise to the team reflects the team's reputation and strength in customer services, and we're confident her expertise will drive further growth and success."

Louise Williamson, Business Development Manager, added: "I'm excited to join Blind Solutions, having been part of the Space Solutions Group since 2017. I look forward to working closely with the team to build new partnerships, strengthen client relationships, and support the company's growth."
