

PTSG is a leading light at former candle factory development

1 year ago

[Premier Technical Services Group Ltd \(PTSG\)](#) has been contracted to deliver specialist electrical services at The HiLight in Battersea, a former candle factory.

On the banks of the River Thames, the 250,000 square-foot former candle factory is being transformed into waterfront living and contemporary luxury residences. They will have unobstructed panoramic views over London, alongside beautiful landscaping.

Ghelamco has partnered with award-winning architectural design firm Squire & Partners for the project, renowned for their work on residences, hotels and public buildings around the globe to include Brighton Harbour and Ruby Zoe Hotel in Kensington.

Wandsworth Borough Council has approved planning for 113 one-to-three-bedroom luxury apartments featuring balconies, bay windows and full height glazing to maximise the breath-taking river views, as well as secure underground parking.

In this contract, engineers from [PTSG Electrical Services Ltd](#) will install a new lightning protection system that will protect the development and all users in the event of an electrical storm.

PTSG Electrical Services Ltd is the UK's leading provider of lightning and surge protection systems and power earthing solutions for customers in all industry sectors. It is also one of the industry leaders in electrical compliance testing – both PAT and fixed wire testing.
