

NatWest invests in PTSG's expertise

7 months ago

Premier Technical Services Group Ltd (PTSG) has been contracted to deliver specialist Access & Safety services for one of the UK's leading high street banks.

National Westminster Bank Plc, trading as NatWest, is a major retail and commercial bank with its headquarters in Bishopsgate, London. It was established in 1968 by the merger of National Provincial Bank and Westminster Bank. The bank's origins date back to 1658 with the foundation of Smith's Bank of Nottingham. The takeover by Royal Bank of Scotland in 2000 was the biggest in UK history.

NatWest has a large network of over 526 branches and 3,400 cash machines across Great Britain and offers 24-hour Actionline telephone and online banking services.

In this contract, engineers from PTSG Access & Safety Ltd will attend the NatWest site in Tuesday Market Place, King's Lynn, where they will complete remedial work to the fall protection systems in place on the building's façade. These systems allow safe access to the roof and façade of the building in order to carry out maintenance or cleaning works.

PTSG Access & Safety Ltd is one of the five independent business divisions of PTSG. The other four are: PTSG Electrical Services Ltd, PTSG Building Access Specialists Ltd, PTSG Fire Solutions Ltd and PTSG Water Treatment Ltd.
